Draft ROD Here: <http://www.rosemonteis.us/final-eis>

This is what I found for 1/3/2014—not particularly useful. Perhaps the Forest Service did something more useful in December. <https://www.federalregister.gov/documents/2014/01/03/2013-31448/environmental-impact-statements-notice-of-availability>

I've gone back through the Federal Register for all of the 2nd half of December, 2014, and I do not find it.
